

MORE THAN JUST KICK-ASS KOMBUCHA

THE REMEDY RANGE

THERE'S A
Remedy
FOR THAT

HI, WE'RE REMEDY. THE REAL DEAL.

We could tell you that when Sarah and Emmet Condon started Remedy in their kitchen in Melbourne, they had no idea what lay ahead. But we'd be lying. They had an inkling. It all started with some home-brewed kombucha. Their kids were into it. Their mates were hooked. Family members were dropping by more often for a taste.

Sarah and Emmet Condon started Remedy in 2012 on their kitchen bench with a tasty batch of home brewed kombucha. Meanwhile, the supermarket was full of drinks that were either straight-up-unhealthy, fake-healthy, or legit-healthy but not-so-tasty. They looked around and thought, "There's a Remedy for that"!

They cracked a secret magic code: a drink that was tasty AND genuinely better for you. Fast forward a few years and the Remedy family has expanded to a growing range of better, tastier drinks, including Remedy Kombucha, Remedy Sodaly, Remedy K!CK, Remedy Shots and Remedy Switchel ACV.

NO SUGAR
for real

During the fermentation process, all the sugar is converted into healthy organic acids leaving no sugar, for real.

all-natural
INGREDIENTS

Remedy Kombucha is brewed the old school way - long aged, in small batches.

A-OK IN *or* **OUT**
of the **FRIDGE**

Our kombucha is a-okay in or out of the fridge as we brew out all the sugar, leaving only strong and healthy live cultures.

KOMBUCHA

Australia's favorite Kombucha brand*

At Remedy we are obsessed with creating the best darn booch going 'round. We brew the old school way in small batches for 30 days using real tea leaves and a SCOBY, which stands for Symbiotic Culture Of (good) Bacteria and Yeast. The result is a flavourful, all-natural, sparkling bevvie that is packed with live cultures, tea polyphenols (aka antioxidants) and organic acids. Best of all it has no sugar, for real.
